- Following guidance from the government, pupils in primary schools **do not** need to wear face coverings.
- When at school children will be in highly ventilated rooms and will be expected to wash their hands at frequent times throughout the day. We will also be emphasising good respiratory practice such as, 'use it, throw it and bin it'.
- Due to catering restrictions, we are unable to offer hot dinners, however the cold lunches will continue to be available.
- Please start preparing children for the early mornings ahead.
- The one-way system around the school, still remains in place. This is for everyone's safety in these difficult times. Last term frustrations regarding the one-way system resulted in some staff members receiving unacceptable verbal and physical aggression from a very small minority of parents and carers. I am sure you will agree this is not acceptable.
- Please be informed government guidance for staff and adult visitors has changed and **face coverings should be worn when moving around communal areas where social distancing is not possible**. This will include yourselves when dropping off and collecting the children from the school site. **Please wear a face covering when dropping off and collecting your children.** We all have a collective responsibility for keeping our school community safe. Please follow advice.
- The Key Worker Group remains open to children in Yrs 1,3,4 and 6A on Monday 8th March who have been attending during lockdown.

Thank you for your hard work and commitment to your child's learning over the past few weeks, we are very grateful for the challenges you have embraced and overcome. We look forward to seeing you soon.
