Dear Parent/Carer

We are delighted that your child will be joining us at Ryders Green Primary school in September. It gives me great pleasure to welcome you and your family to our school and I look forward to a successful partnership over the coming years.

At Ryders Green Primary School we strive to ensure that every child is afforded the best educational experiences from their one chance at primary school. Our vision places learning at the heart of all that we do. It is our aim to foster and develop a joy of learning in young children through a balanced, relevant curriculum, which takes account of, and responds to, the children's developmental needs. We seek to provide a curriculum, which provides equal learning and development opportunities for all the children within the foundation stage, creating a partnership with parents to support and enhance the development of the children, in a safe and friendly environment. We look forward to you joining us on this special journey.

Starting school is one of the biggest occasions in a child's life and is especially so for parents too. We would like to ensure that you and your child experience a smooth induction process, as we are aware that there have been a number of challenges experienced by all this year.

We will be in touch soon to arrange a parent meeting so that we can get to know more about you and your child before they start school. If current restrictions are eased, we would like to welcome you and your child into school to meet their new teacher, see their new classroom and have a short stay and play session – however this will be dependent on whether restrictions are lifted. We will continue to update you on this.
