It was a late rainy and stormy day today. Lea and Alex were brothers and sister. Lea was scared because the rain was pushing them back so they didn't get home quicker going through the wet and rainy parks. The leaves started to blow in their faces and the water started to go in their shoes. The leaves were dancing and the wind was singing. Alex said "Give up Lea we have to hurry up if we don't get home quicker mom will shout at us." They both took a short cut so they can get home quicker. Alex looked at his phone and saw that the storm would stop at 10 and it was 7. We are supposed to get home at 8. We have an hour left.

BAWA... there was a ^{loud} bang we need to get home quicker said Alex. There was scared just in case something could hit them. There was a nother bang and the all got scared. There was a lot of banging going over and over again. They started to run even faster and there is going to be a very bad storm.

Then the alien came out of the ship looking for alex and Lea. Then he went back in to get something. Finally said Lea "He is ^{gone} but when

the alien came back Alex pushed Lea and he jumped in the bush with Lea. They almost got caught. A lot of aliens came out of the ship and started around to find Lea and Alex, but then there was a hand coming out and both Lea and Alex got pulled into the ship.

Dizzy Alex sat up wondering what is happening ^{where} when he was. He was calling out for his little sister getting worried where she was but when he remembered the dark shadow that he saw yesterday when he was calling his sister wondering where she is he got up and started to ^{look} for her. Then he saw feet which looked like Lea's feet. He went over to see if it was Lea. He peeked in the bush and it was Lea. He picked her up and she was dizzy so Alex carried her home.

Finally they got home and told their parents but their parents didn't believe them. They called the doctor. The doctor checked up on them and he said go and have a rest on your bed. So they both went to close her blinds but then she saw something fly across her window. Then when she went to lie down she heard a loud noise so she hid under
